ETIKA POWDER COATING

www.etikapowder.com

We, as ETIKA POWDER COATINGS, have been manufacturing powder coatings of high quality in Istanbul/Turkey since 2006.

Offering the finest combination of better quality, conservative with sources, more eco-friendly products to the industry is the most basic mission we acquire.

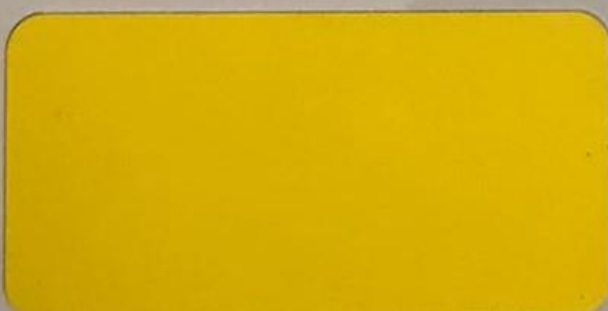

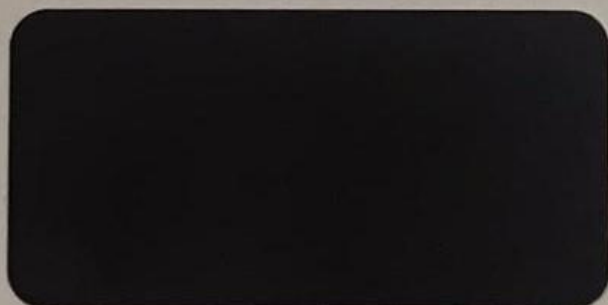

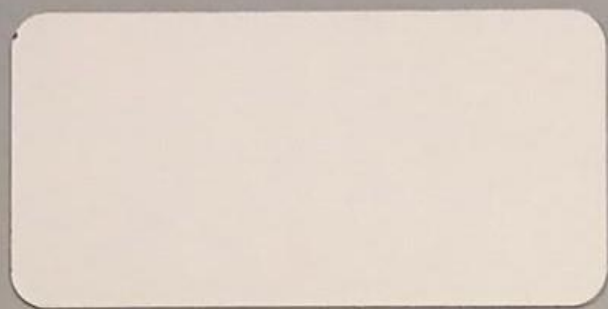

Our production line is equipped with modern, high technology machinery and equipment that are acknowledged as the best in industry.

Together with experienced, professional R&D, quality control and production work force, our quality standards are crowned with the most respected quality certificates such as "Qualicoat", "ISO 9001", "RoHS".

Having exporting our products to over 15 countries, we always pursue en route to developing new products, seeking new opportunities.
